Our Licensed Practical Nursing Program has had consecutive LPNs classes graduate since 1954. It is available to qualified adult men and women. The Licensed Practical Nursing Day Program is a full-time, one year program and the Evening Program is a part-time, 2 year program both preparing the student for the Practical Nurse Licensure Examination. In addition, students may be eligible for 11 college credits through the curriculum and testing. These credits are transferable to other college programs. The program meets the requirements for accreditation by the New Jersey Board of Nursing and the State Department of Education. The Evening Program allows students to continue working while pursuing a new and exciting career.

The classes are located at 2 Paulison Avenue in Passaic, New Jersey. The full-time Day Program begins in August and runs Mondays through Fridays for 1 year. Clinical experiences increase as the student progresses from simple to more complex learning. Satisfactory completion of both academic and clinical skills is required to complete the program. The Day Program classroom hours are 7:45 a.m. to 3:15 p.m. "Clinical" days are 7:30 a.m. to 3:00 p.m. The Part-Time Evening Program runs Mondays – Thursdays for 2 years from 5:45 p.m. to 10:00 p.m.

The curriculum includes areas of study in: * **Anatomy and Physiology**, Fundamentals of Nursing, Growth and Developments, Medical/Surgical Nursing, Community Health Care, Transcultural Nursing, Microbiology, Pharmacology, Geriatrics, *Emergency and Clinical Care*, Pediatrics, Obstetrics, Mental Health Nursing, Nursing Informatics and ***Dynamics of Health Care**. Rutgers University offers college credits, at a nominal fee, for courses indicated with an asterisk and in bold.

The LPN Program offers the student a profession that supports advancement potential, economic security and personal satisfaction. Graduates of this Program have served the community as nurses in nursing homes and home care. Many of our graduates continue their education at a college in order to become a Registered Nurse or Advanced Practical Nurse. The possibilities are interesting, challenging, and almost unlimited!
