NJROTC Social Media Acknowledgment Form

Dear NJROTC Cadets and Parents,

I appreciate your continued support of PCTVS' NJROTC program. Your interest in our program makes all the difference. We have some of the brightest PCTVS students in our program and we hold our students to a very high standard. That includes the use of social media as a means of communication. Because of the dangers of misused social media, I want to remind each cadet of NJROTC policies pertaining to social media use.

While I know that it is impossible to control social media, everyone in the NJROTC unit must understand that improper use of social media will not be tolerated and will be reported to the proper authorities. Additionally; bullying, sexting, or any other form of unwanted texts, emails, or social communication of any kind will result in dismissal from the NJROTC program and may result in further disciplinary actions from the Passaic County Technical Institute discipline office.

The Navy core values of Honor, Courage, and Commitment mandate that we be accountable to ourselves and our fellow cadets for conduct unbecoming of Navy and NJROTC standards. We must aim to treat each other with dignity and respect. Unwanted and/or inappropriate social media communication undermines the Navy core values and that level of respect. Cadets will be required to undergo training on the use of social media. This training will be part of the NJROTC curriculum at every grade level and will be given twice a year. Results of the training will be maintained as a part of each cadet record.

Thank you for being a part of the PCTVS and the Navy family. Our family bond is built on mutual respect which include self-respect and our respect for others. Let's show that respect inside and outside of the classroom.
